COL. FLORENCE OF CIRCLEVILLE NEXT ADJT. GEN.

Governor-Elect Davis Is Pleased to Hand Plum to Rainbow Soldier

OFFICE IS PAYING $6000

Marysville Man to Take Gen. Hough's Place In Ohio National Guard

COLUMBUS, Dec. 3.—That he will appoint Col. George Florence, Circleville, to succeed Adjutant General Roy Layton is the announcement made today by Governor-Elect Harry Davis. The position in time of peace pays $3500. Because of the world war and the fact that peace has not yet been declared by the United States the adjutant general receives $6000. Davis met Florence for the first time a few hours before the appointment was announced. He is lieutenant colonel in the Ohio regiment of the Rainbow division, and next to General Benson W. Hough, Delaware, commander of the second brigade, is ranking officer of the Ohio national guard.

Lieut. Col. Frank D. Henderson, Marysville, Fourth Infantry, is being mentioned as the probable successor of Supreme Judge-Elect Hough, as brigadier general. Henderson, while overseas was elevated from ranking major of the Ohio Rainbow regiment to lieutenant-colonel; was a member of General Pershing's staff, and served several months as acting chief of staff of the fifth army corps.

General Benson W. Hough, Delaware, Republican, has received from Governor Cox and Secretary of State Smith his commission as state supreme judge, succeeding Judge Avery, Democrat, Cincinnati. Judge Hough was chosen at the November election to serve out the unexpired term of former Judge M. H. Donahue, resigned, now federal circuit judge at Cincinnati. It is said that Judge Hough will be sworn in next Tuesday.

HOWELL DEFENDS RATES COMPLAINED OF IN STATEMENT

The Ohio Service Company will go on trial before the Ohio public utilities commission Saturday, on a charge of demanding exorbitant rates. The charge was brot by three Guernsey-co coal companies, the Morris Coal, Forsythe Coal and Bigby Coal companies.

C. H. Howell, vice-president of the Ohio Service Co. said Friday, while speaking of the case, that of all business companies, these three coal companies should be the ones to first understand the reasons for a higher rate being charged by the Service company. He said that during the car shortage in July, when it was so difficult to get coal by rail, that the Service Company bot coal from these companies, and that one or more of the coal companies charged them a price of $10.26 per ton for the coal, a price more than twice as much as the Ohio Service company had been paying for coal on their contract.

That was in July. In October the Ohio Service Co. raised the rates and it was then that the three coal companies filed the above charge against the Ohio Service Co. and appealed to the public utilities commission of Ohio.

Mr. Howell stated that the stand that the Ohio Service Co. would take in the case was that their rates were neither "unfair, unreasonable, nor unjust," and that they were ready to prove this contention.

W. VIRGINIA MINES WILL RESUME WORK

WILLIAMSON, W. VA., Dec. 3.—Nine mines in Mingo-co employing approximately 700 men will resume operations for the first time since July 1, within the next 10 days, according to an announcement made here today by the Williamson Coal Operators' Association.

The mines will be worked by non-union and union men who care to return to work and will be protected by the federal troops stationed here.

Thirty-nine other mines which were affected by the strike have resumed operations at different times during the past four months.

The operators claim the resumption of work in the last nine mines will virtually put an end to the strike efforts of the miners.

Many miners who have participated in recent disorders have received notice to vacate the homes which are owned by the coal companies. Many were evicted some months ago, following disorders. Operators claim they have won the strike.

Uncle Sam Officially Recognizes Some Forty Six Thousand Users Of Whiskey

WASHINGTON, Dec. 3.—Uncle Sam's official list of whiskey users bears the names of 46,646 persons. Commissioner Williams reported that number on the roll today.

"And there are probably 20,000,000 others in the same class but not officially listed," said another revenue officer who knows.

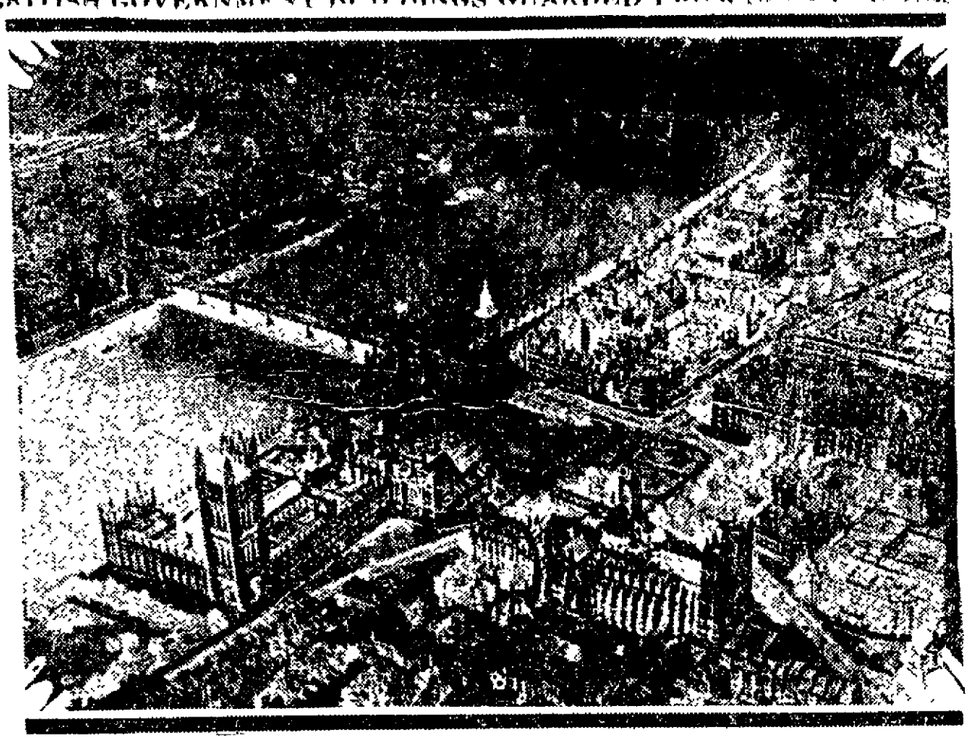

"Permits to use" whiskey cover a wide range and include the multitude who have sought relief from doctors legally permitted to prescribe for ailments known and unknown.

"Personal use" of another group giving the holders authority both to "use and sell" now number 11,501.

"Have you yet tried to estimate the number of 'bootleggers' patrons?" revenue officials were asked.

"Figure it out for yourself. A cat has nine lives," said one.

PACKERS' PRICES ON PORK ARE BELOW PRE-WAR LEVEL CLAIM; PRICE OF COAL SHOULD DROP

CHICAGO, Dec. 3.—Packers' prices on pork have dropped belowe the pre-war level of April 1, 1917, according to a review of the meat and live stock situation issued today by the Institute of American Meat Packers.

Beef prices also have declined, the report says, carcass beef during the last week in November showing a drop of 9 per cent over the price on October 1 and 17 per cent lower than on September 1. The decline in pork loins during November, the report points out, amounted to 27 per cent; smoked hams 35 per cent; bacon from 15 to 25 per cent; and various other pork products from 10 to 47 per cent.

Declining trends of commodity prices and of grain the report declares, were the chief causes for the reduction in the price of packers' products.

"Persons in the trade," the report says, "are reluctant to say whether or not the bottom of prices has been reached."

COAL GOUGE EXPLAINED

COLUMBUS, Dec. 3.—Additional information tending to prove that retail dealers are largely to blame for high prices prevailing here for coal is found in a statement made by an official of the Sunday Creek Coal Co. here.

"The Sunday Creek Coal Co. is selling lump coal at $4 50 to $5.50 at the mine," the official stated.

"We have urged retail dealers to hold prices down.

"Their comeback has been, 'Very well, give us all the coal we can sell, and we'll do it.'

"During the last six months when the greater portion of our coal was going to the lakes, we couldn't comply, and the retailers, therefore, went to the jobbers and bid against one another, forcing the price upwards.

"From now on, we can give them all the coal they want, and the price should come down."

FIVE YOUTHS JOIN ARMY HERE WITHIN PAST THREE DAYS

James Tracewell, son of Fire Chief and Mrs. James Tracewell, and James Shepler, son of Mr. and Mrs. Edward L. Shepler, East Main and Tenth-sts, enlisted in the aviation department of the United States army and left Friday for Dayton where they will be given training in the aviation school at Wright field. The term of enlistment is three years. They enlisted here.

Price Elson has left for San Aantonio, Texas, to join the 15th Field Artillery for a three year enlistment, having been signed up at the local recruiting office.

Ellis Lowe and Otis Plant, of Killbuck, enlisted in the 23rd Infantry stationed at San Antonio, Texas and left Wednesday.

Eight men have enlisted at the local recruiting office in the Selby building during the past month. Sergeant N. R. Moon will close the office today and leave for three weeks' duty in the south. He will return and re-open the local office about the first of the year, when he expects a rush of applicants for the army because of the slump in industrial activity and the consequent scarcity of work.

SECTION OF GOTHAM APARTMENT HOUSE FALLS TO STREET

NEW YORK, Dec. 3—With one person missing and 11 injured, labor squads were working at top speed today removing the debris resulting from collapse of a 30 foot section of a nine story apartment house at Broadway and 52nd-st, which tumbled in without warning late yesterday while being remodelled.

The overcoats of four workmen employed in remodelling the structure are unclaimed in the lockers in the basement and it is thot these men and any unlucky pedestrians who happened in the way of the falling bricks may be underneath.

ROSCOE CITIZENS WANT LIGHT EARLY ON DARK MORNINGS

Ohio Service Company Offers Ten Cent Reduction Per Light, Per Year

A large representation of Roscoe citizens met at the Roscoe town hall Thursday night with Robert Jewell, a representative of the Ohio Service Co., in a round table discussion of the present Roscoe electric street light proposition. The 10 year contract on Roscoe's electric street lights expires January 1 and in order to make another contract with the Ohio Service Co., the Roscoe citizens arranged a general talk with a representative of the light company.

The Ohio Service Company's representative, Jewell, put the proposition up to the citizens that the light company would make a return from $42.60 per year to $42.50 for their 10 street lights. This would be a reduction of 10 cents on each light for one year.

The citizens have not accepted the proposition.

The residents present at the meeting put the proposition up to the representative that they would like to have the street lights turned off at 11.00 o'clock each night instead of midnight and also have the lights burning from 6 00 o'clock in the mornings until 7 25 a. m during the long nights so the working people could see their way to Coshocton.

Following the meeting a committee composed of L. D Schott, L. C. Mirise and J E. Lyons was named to meet C. H. Howell, the manager of the Ohio Service Co, tonight at his office.

Owing to the fact that the Roscoe council does not meet until Monday night nothing definite could be decided at the meeting last night by the citizens on the electric light proposition. The ordinance may be passed Monday evening when the council meets.

FIFTY CONVERTS IN PLAINFIELD SERVICES

The widspread interest in the meetings being held at Plainfield indicates that services will be held thruout next week.

YOUTHFUL BANDIT TRIO ROBS MAIL CAR ON SPEEDING EAST BOUND TRAIN AT MINNEAPOLIS

Boarding Engine Tank, Unnoticed, at Hopkins, Minn., Three Masked Youths Force Entrance to Mail Car, Bind Three Clerks and Drop Off Car Inside Minneapolis City Limits With Half a Million Dollars

MINNEAPOLIS, MINN., Dec. 3.—Three young masked bandits this morning held up and robbed the mail car on the Chicago, Milwaukee & St. Paul train No. 6, Mobridge, S. D., to Minneapolis, on the Hastings and Dakota division and after binding with wire and gagging the three mail clerks escaped with a pouch of registered mail and other packages, estimated to contain currency and papers worth between $500,000 and $1,000,000.

The bandits climbed aboard the tank of the engine at Hopkins, Minn., and forced an entrance to the mail car while the train was speeding toward Minneapolis and left the train within the city limits of this city.

One of the mail clerks who had worked partially free of his bonds saw the three men leave the train to join a fourth confederate who was waiting in an automobile. Police and federal officials are baffled by the case, and it is believed that the bandits will not attempt to leave the Twin Cities, but will remain in hiding here.

In the express car next to the mail car was a pouch containing $500,000 in currency. The bandits did not make an attempt to enter the express car and the express messenger and guard did not know of the robbery of the mail car until the train had reached the Milwaukee depot here.

REPUBLICANS IN SENATE AGREE TO SHUN TOGAS

Need of Powerful Men In Upper House Given As Reason

DAUGHERTY IS BUSY

Ex-Senators Are Looked Upon As Likely Timber For Harding's Cabinet

WASHINGTON, Dec 3—Out of a series of conferences which Harry M. Daugherty, political mentor to President-elect Harding has had with Republican leaders in Washington it developed today that a number of Republican senators have entered into what practically amounts to a gentlemen's agreement not to enter the Harding cabinet after March 4.

This move has been taken, not because cabinet portfolios were unattractive, but because nearly all the powerful and influential Republican members of the senate have at some time or other been reported as leaving the hill for the other end of Pennsylvania-av.

This was alarming to Henry Cabot Lodge, the G. O. P. leader in the senate, and he, according to reports, gathered about him some of the most prominently mentioned and pointed out that the senate should receive their primary consideration.

Senator Lodge's public statement expressing the hope that Senator Harry S. New, of Indiana would continue in the senate was the direct result of these conferences. Senator New is not only one of Senator Harding's closest political advisors, but also is one of his closest personal friends and one of the few "original Harding men." It had been conceded that Senator New could have any cabinet position he desired. His name had been mentioned prominently in connection with the war department ad postmaster general posts.

Senator Lodge's action has definitely set at rest all rumors that he himself is a cabinet possibility.

Along with Elihu Root, and Senator Philander C. Knox of Pennsylvania; Lodge had been prominently mentioned as a possible secretary of state.

As a result of these conferences there remained today only one Republican senator who could be considered of more than passing prominence for cabinet honors. This is Knox of Pennsylvania. Whether he will join his senatorial co-leagues in eliminating himself, remains to be seen. Harry M. Daugherty has requested a conference with the Pennsylvania senator today.

The voluntary elimination of a number of senators has another advantage as Republican leaders view it. They believe it will effectually set at rest the charges hurled all over the country during the campaign of a senatorial oligarchy running the executive as well as the legislative branches of the government in case Harding was elected.

Of all the cabinet possibilities that have been mentioned since November 2 there are only two which are considered in Washington virtually certain of appointment. These are ex-Senator George W. Sutherland of Utah and ex-Senator John W. Weeks of Massachusetts. Only the posts to which they will be appointed remain in doubt, according to Harding's friends here.

Senator James E Watson of Indiana went to Philadelphia today to confer with Senator Penrose, ostensibly over financial legislation.

Daugherty will leave Washington tonight for Norfolk where he will meet Senator Harding on his arrival from Panama. Edward B. McLean and Senator Davis Elkins of West Virginia also will go to the port to welcome the Harding party.

Here Is a Fine Laxative For a Little Baby

Millions of Mothers find Dr. Caldwell's Syrup Pepsin safe for infants

WHAT young mother has not often asked herself the question, "What is the best thing I can give my baby for constipation?" It is a very important question, as constipation is the basis of most ills of infancy and childhood.

Give half a teaspoonful of a combination of simple laxative herbs with pepsin. You can obtain it at any drug store under the name of Dr. Caldwell's Syrup Pepsin. It is a mild, gentle medicine that children willingly take, and a bottle that costs only sixty cents is enough to last an average family several months.

Dr. Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr. W. B. Caldwell, who is now in his 82nd year, used in his extensive practice for half a century. It is the largest selling liquid laxative in the world. Last year eight million bottles were bought in drug stores.

You can make no mistake in giving Dr. Caldwell's Syrup Pepsin to your baby.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington St., Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. WRITE ME TODAY.

Childish Tasks Important.

Indian Cradle Boards.

There are nine different kinds of cradle boards used by the various tribes of North American Indians. The Eskimos did not use such a board. The baby was wrapped in the hood of the mother's fur coat. In the most southern tribes the baby was merely bound to the mother's back by a strip of cloth long enough to hold it.

EXTREME DESCRIBES THIS FASHION SUIT

This striking American fashion is developed along new lines which delightfully accentuate the figure. It is of biscuit colored broadcloth with bandings of nutria on collar, cuffs and bottom of the skirt, and even on the brim of the brown velvet hat there is a bit of the fur. The novel collar and tucked panel mark the coat as unusual. In fact, "extreme" is the only word which can describe styles like this.

OBITUARY

Nicholas Barrick, son of Frederick and Catherine Barrick, was born in Crawford Township, Coshocton County, Ohio, March 13, 1842, departed this life Nov. 23, 1920, aged 78 years, 8 months, and 10 days. With the exception of four years spent in Knox county, his entire life was spent in the county of his nativity.

Mr Barrick's army career in the war between the states, bears a mark of unselfish and sacrificial aim. In the month of Oct. 1864, he stepped into the room of his uncle, Nicholas Storm, volunteering as a substitute in Company 78, Regiment of Ohio Veterans Infantry. His certificate of honorable discharge, issued from Louisville, Ky., bears this commendable notation: "No objection to his being enlisted is known to exist" His Grand Army of the Republic membership was held in the James Cooper Post at Keene. He is at least among the very last of the survivors of this post, as he was among the last of the old veterans, and the last of his father's family.

Just as the war clouds were lifted to reveal the sun of his full-blooming life, in the fall of 1866, he took to wife a Miss Susan Ames. There came to bless the home of this united couple, four children, two sons and two daughters. These from eldest to youngest are Mrs Daniel Geese, Fresno; Henry M Barrick of Crooked Run near Roscoe, and Mrs. Homer Turner and Earl Barrick, both on the Fresno route 2. These with their companions and 10 of the 12 grandchildren, other more distant relatives and many friends remain to suffer the loss.

Mr. Barrick followed the occupation of farming, owning and operating a wagon coal mine; but never himself became a coal digger.

The early religious impressions of this departed brother were received from the Lutherans, but just after his marriage, he with his young wife, confessed Christ in the Knob Episcopalian church. About 7 or 8 years ago they transferred their membership to the White Eyes Methodist Episcopal church, the church in which he retained his membership till his final departure.

How one influences children for good or bad! In this last exchange of church membership, when they presented themselves at the White Eyes altar, and because he had been told to do as grandpa and grandma did, their grandson, Harland Quinton Bower, who has made his home with them, toddled up as a 10 year old boy, and regardless of their impromptu persuasion of him to return to his seat, insisted he wanted to go in with them and he as they Simultaneously the pastor proceeded to receive him on his own word and the present members nodded assent. Harland has remained a member of that church ever since and has rendered efficient service.

According to neighbors and friends Mr. Barrick was of a kind and amiable disposition. To the occupants the home seems void. His sojourn has enriched the community, and the church triumphant has profited by the militant church's loss. He was a congenial official of his church with whom to consult, and had the rare privilege, before going to meet his Lord, of subscribing to and willingly supporting the world famous Methodist Missionary Centenary movement.

This brother had suffered much in his declining years from a complication of causes and general debility, being able to work very little in the past 3 years. His last illness was scarcely a week in duration, but intense in its suffering. At last he quietly passed into the great beyond, leaving us all a legacy of a peaceful countenance, apparently the index of the serenity of his departed spirit.

"Some day all doubt and mystery
will be made clear;
The threatening clouds which now we
see will disappear.

"And looking back with clearer eyes
O'er life's short span,
We'll see with pondering, glad surprise God's perfect plan."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits.

Nervous Breakdown

"I am so nervous it seems as though I should fly"—"My nerves are all on edge"—"I wish I were dead." How often have we heard these expressions or others quite as extravagant from some loved one who has been brought to this state by some female trouble which has slowly developed until the nerves can no longer stand up under it. No woman should allow herself to drift into this condition without giving that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound a trial.

Read the Letters of These Two Women.

North East, Md.—"I was in ill health four or five years and doctored with one doctor after another but none helped me. I was irregular and had such terrible pain in my back, lower part of my body and down each side that I had to go to bed three or four days every month. I was very nervous, tired, could not sleep and could not eat without getting sick. A friend asked me to take Lydia E. Pinkham's Vegetable Compound and I am sorry I did not take it sooner for it has helped me wonderfully. I don't have to go to bed with the pain, can eat without being sick and have more strength. I recommend your medicine and you are at liberty to publish my testimonial."—ELIZABETH WEAVER, R. R. 2, North East, Md.

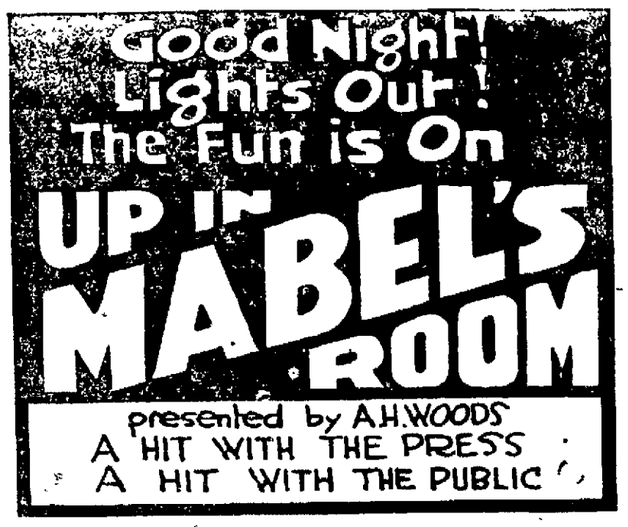

Minneapolis, Minn.—"I was run down and nervous, could not rest at night and was more tired in the morning than when I went to bed. I have two children, the youngest three months old and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from my milk so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children, and I am very happy with them and feel fine. 'I nurse my baby exclusively again, and can't say too much for your medicine."—MRS. A. L. MILLER, 2633 E. 24th St., Minneapolis, Minn.

Ask Teachers To Tone Down Dress

TOLEDO, Dec. 3.—Women school teachers were urged to tone down in their school costumes and make-up; to set an example of sensible clothing to their pupils, in a resolution adopted by the Toledo Housewives League today.

"How can you expect young girls to have sensible dress ideas," demanded Mrs. H. F. Hahn, state chairman of the league, who introduced the resolution, "when their teacher comes to school with the neckline of her dress down to her waist and her skirts up to her knees?"

"We women have got to do something about the way women are dressing today. We'll soon be dressing like the South Sea Island women—in nothing but a fig leaf. I actually believe we would be more respectable dressed that way."

Fleet Of Airplanes To Greet Harding

NEWPORT NEWS, Va., Dec. 3.—Thirty airplanes from Langley field will greet President-elect Harding when he enters the Virginia capes Saturday morning, according to announcement made here today. The machines will act as an escort of honor for Mr Harding, who will land at Old Point and later visit Norfolk and Newport News.

WALT MASON

NOT WANTED

With my twelve kids and aunt and wife I'm sadly wearing out my life in search of rooms where we may dwell, 'most any shelter, poor or swell. I have the price, I am not broke, but landlords view me as a joke, and shoo me from their doors with a jeer, and cry, "No kids are wanted here!" They might accommodate my aunt, but take in kids—they simply can't! And I have called at sundry flats where there were plain and fancy cats; handfed Angoras slept and purred in luxury obscene, absurd, when human offspring were denied a needed resting place inside. And in apartments good or mean fat pampered bow-wows I have seen: they idly played their canine games the pets of fat and pampered dames; but landlords who thot daschunds right, and sheltered tomcats day and night, looked on my twelve assorted kids, and then turned down my highest bids. All kinds of live stock find repose in modern flats and joints like those; and even monkeys and their ilk recline on sofas decked in silk, and noisy parrots caw and whoop in many a rich exclusive coop, but when I go with my twelve kids, resplendent in their Sunday lids, and my nice wife and queenly aunt, to find a dwelling place, I can't.

Grove's Iron Tonic Syrup

Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets, and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its Strengthening, Invigorating Effect.

The Syrup is flavored and children love to take it. Contains no Nux-vomica or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother or The Grandmother with perfect safety. 75c.

Bell Foiled Thieves.

Among records of stolen bells is that of one from Soissons in Burgundy, which Clothaire carried away. The bell objected to the act by gradually becoming dumb on the journey to Paris, where its voice was discovered gone. But its voice returned in such full force when the bell was sent home that its tone could be heard seven miles distant.

"Where Quality Counts"

IS HEALTH ANYTHING TO YOU?

—To those who have it not, health is everything in the world. This being true, why then should any man neglect finding out what chiropractic will do for him?

—Chiropractic is for everybody. The only exception is a jelly fish, which has no backbone. If you think you can live and enjoy life without the functions of your backbone being properly performed, you are overlooking the chief fact of life. Chiropractic adjustments restore backbone joints to alignment and remove the cause of disease. Chiropractors have been proving this statement for 25 years.

—Hundreds of sufferers from bronchitis, tonsilitis, lumbago, rheumatism, influenza, coughs, colds and headaches, are being helped back to health by chiropractors every day just at this season of the years. Try chiropractic first.

Junkerism In England

AS in the case of our own revolution and the events leading up to it Englishmen were the severest critics of the stupid policy of King George III and his reactionary advisers, so in Ireland's plight today the Irish themelves are not able to use language more drastically condemnatory of England's twentieth century stupidity than are modern Englishmen.

In her administration of dependcies England has for the most part been the most enlightened and the foremost government in the world, ancient or modern. She has a long list of successes to her credit—and a few of the worst failures. Her experience with our own thirteen original colonies seemed to have been a lasting lesson. Ireland, too, has proved an exception to her usual happy management of dependcies.

A number of her eminent men in and out of parliament have not minced words in dealing with the Irish situation. Shaw, Wells, Neilson and others have plainly pictured the mistakes the imperial government has made even under so democratic a leader as Lloyd George. And now comes A. G. Gardiner, eminent publicist and late editor of The London Daily News who pronounces an impassioned criticism of misrule in Ireland that will be quoted from one end of Ireland to the other.

He declares that what is now being done in that unhappy island is "the greatest iniquity ever perpetrated in the name of the British Government"—a statement of such far-reaching scope that only those familiar with some former dark pages in the British history would be equipped to enter dissent.

He says that not even during the most disastrous crises of the war did so heavy a shadow hang over the nation as hangs now. "Not since the corrupt days of George II," says Mr. Gardiner, "has Parliament been so degraded, so out of touch with the better minds of the country." Coming from one whose knowledge of the conduct of the English press must be accurate and extensive, his statement that the newspapers are under some hidden control devoted to propaganda misrepresenting Ireland is not to be ignored.

An obvious parallel between Cuba and Ireland is drawn by Mr. Gardiner and rests on more than a series of superficial resemblances.

In both islands, vital industrial interests were long sacrificed to a selfish element influential with the governing classes of a country asserting overlordship. Generations of the inhabitants of both were victims of crass misgovernment. In both, ruling officials, sometimes with good, sometimes with execrable, intentions, alternately saddened the people and roused them to desperation by incredible blunders.

It may be significant that the British, experiencing the difficulty of subjugating an almost united people, as the Spanish experienced it in Cuba, have decided on the device of recon centrado camps which is of evil memory not alone for Cuba but for the world. One reconcentrado camp has already been established in Ireland. At any rate, it will be remembered that it was darkest just before dawn in Cuba—that a policy of reprisal and murder and starvation under the pretense of restoring law and order was the immediate prelude to the coming of perpetual relief. If the British Weyler has not yet appeared, several officials seem to be qualifying for his functions.

British junkerism seems just now to be having one of its most successful and least opposed innings. We do not need Mr. Gardiner to tell us that the junkers constitute only a small minority of the English and British people. We know that. We know the fine traditions of free government which orginated among those people and which spread to all the world.

But we know, moreover, that the British junkers are high-placed and have always wielded an influence out of proportion to their numbers; that at what seems to be regularly recurring intervals in history, they gain the upper hand, and that during those intervals they regularly perpetrate acts that bring shame and scorn to the British name, cause a distrust and detestation which more representative ministries have found hard to remove, and give rise to most of the troubles from which the British nation has suffered. British junkers are not more to be tolerated than Spanish junkers and German junkers, whom they so closely resemble.

This present recrudescence of British junkerism is the more anachronistic and mystifying because it follows a great war of holy profession, in which it was hoped that junkerism everywhere would be wiped out forever.

Editor The Tribune
Dear Sir

For the purpose of impressing upon the people of the United States the importance of popular education and calling their attention to the present condition and needs of the schools and other agencies of education, I have asked that the week of December 5 11 be observed as SCHOOL WEEK somewhat according to the enclosed program. No other agency can do so much for this cause as the public press.

I am therefore writing to request that during the week you will devote a liberal portion of your editorial space to a consideration of education from the standpoint of local, State and National needs

Feeling sure of your local co-operation in the Nation-wide movement for the promotion of education, I am

Yours sincerely,

One of the brilliant theatrical events of the season is promised in A. H. Woods' forthcoming production "Up in Mabel's Room,' 'the sensational New York farce success which comes to the 6th-st theatre tonight direct from its long and prosperous run at the Eltinge theatre, New York, where it was one of the most pronounced hits of last season. "'Up In Mabel's Room" is in three acts and is described as a frivolous farce of feminine foibles. The production is an elaborate one, and it will be interpreted by a notable cast of Broadway favorites.

One Hundred Percent

The expression "One Hundred Percent" has been in common use lately. Schools and college circles, in large business offices in fact wherever there is any competition an effort has been made to obtain a "100 Percent" rating. There is no reason why every man woman and child should not have "100 Percent" health rating. The human body is the most perfect machine in existence — something goes wrong, you are sick, unable to sleep, cannot enjoy your food, your body is wracked with pain, you are extremely nervous. The cause can invariably be traced to subluxated (displaced) vertebrae (small bones of spine) pinching the nerves preventing "100 Percent" normal flow of vital nerve force to the different organs of the body. Chiropractic Adjustments removes this pressure. 100 Percent Health is the result.

INDUSTRIAL JAPAN A SOURCE OF WORRY TO PROTECTIONISTS

WASHINGTON, Dec. 3. — Japan has become such a formidable competitor of American industries that the question of barring Japanese goods with a tariff barrier promises to perplex congress as much as that of shutting out Japanese immigrants with an immigration wall, several prominent members of the senate finance committee, stated today.

There are several "hold over" measures on the senate calendar intended to protect American industries from the extensive importation of surgical instruments, optical glass, laboratory glassware, and porcelain ware, shell and pearl buttons, and other articles in which the Japanese became proficient during the world war.

Japan can undersell the American manufacturers in some instances by 25 percent it was stated. It is the purpose of Senator Watson, Republican, Ind., chairman of a sub-committee of the finance commitee, having these bills in charge to call them up at the coming short session. They were all passed by the house last session.

Senator Watson will go to Philadelphia this week, he said, for the purpose of discussing industrial and business conditions with Senator Penrose of Pennsylvania, chairman of the senate finance commitee. Penrose's continued ill health is expected to prevent his coming to Washington for this session, altho a number of his Republican colleagues will keep in close touch with him by telephone or personal visits. The impression is general among members of congress that nothing can or will be done at the coming session in the way of any tariff or tax legislation. Several leading Republican senators declare today if congress found sufficient time in which to pass the thirteen appropriation bills to finance all branches of the government for the fiscal year beginning July 1, next, they would consider congress fortunate.

The joint session of the house and senate agricultural committees today will serve to gain the country's attention on the serious agricultural situation confronting congress but a difference of opinion prevails among members of both houses as to what from remedial legislation should take. There is hardly a senator or representative from an agricultural state who is not prepared to introduce a bill when congres convenes Monday intended to offer the agricultural interests some temporary relief at least, from the financial embarrassment and distress from which they are suffering.

LYNCH AND HERMAN WILL CONTEST FOR THE BANTAM TITLE

NEW YORK, Dec. 3.—Pete Herman has a real scrap in prospect today. The little bantam champion from New Orleans promised Tex Rickard he would meet the winner of the Lynch-Sharkey contest, staged at the "Garden" last night. Lynch was the winner.

By knocking out Jack Sharkey, in the last round of their 15-round battle Lynch punched his way to a championship match and that he has better than a fair chance of uncrowning the lad from Louisiana is the consensus among those who saw him batter down the rugged Sharkey.

Articles for a Herman-Lynch bout have not been signed but the match will be closed within a day or two unless Herman backs down, and it is believed promoter Rickard will stage it Christmas evening.

Lynch is more of a bantamweight than Herman himself. The New York lad weighed 117 pounds for Sharkey who scaled 122. Herman seldom enters the ring these days weighing under 120.

When Herman and Lynch get into the ring it will mark the first time a real bantamweight championship has been staged in many years.

Herman has been the champion since the winter of 1917 when he won the title via the decision route after a 20-round mill with Kid Williams. Williams stepped into the kingship of banties three years previously by knocking out Johnny Coulon.

A Timely Hint

By VICTOR REDCLIFFE

Tap-tap!

Oscar Raydon paused in his walk and scanned the glittering plate glass pane that constituted the front of a neat and up-to-date haberdashery establishment. He noticed a button on the inside of the window to which a wire was attached and behind the samples of gloves and neckwear a perforated screen, and at once comprehended that some one it concealed was operating the buzzer to attract attention to the display. He was about to move on when distinctly as though spoken in his ear came the words:

"A pair of our gloves would greatly adapt themselves to those shapely hands of yours."

It was almost startling, so familiarly were the words uttered. For a moment Raydon was mystified. Then he observed a horn at a slot in the upper window. The advertising medium behind the screen, who could see without being seen, was telephoning from her covert, direct to each passerby.

The silvery tones of the hidden telephonist had a sweet cadence that robbed them of any suggestion of "freshness" or insolence. Their final utterance was practical, chiding, directing in a mild, friendly way:

"Don't go down at the heel when you can buy so cheap at this store."

Raydon glanced at his gloveless hands, surveyed the reflection of a turned collar and a wrinkled tie in the glittering window pane and stepped to the open doorway of the store. As he entered he glanced curiously at booth attached to the display window but it was open only at the rear and his curiosity was not gratified as to the owner of the voice which had advised so pleasantly. He purchased several articles and left the place with a brisker step and a new purpose manifested in his eyes.

"Down at the heels," he soliloquized—"a fair hint. The young lady must be a keen one to read my plight. When a man loses a two thousand dollar position and finds the best he can secure is less than half that amount, he gets the down and out feeling very quickly. Oh, well, here's for another try. I have gone sort of slipshod. Now to brace up and make a fight for what is due any enterprising young man."

Raydon started out next morning a pink of perfection so far as several new and becoming additions to his wardrobe were concerned. He was an expert accountant and he chanced to apply for a position in a large mercantile establishment where services of that character were just then particularly in demand. He was conscious of the fact that his neat attire had considerable to do with his employment.

It seemed that his good fortune came all at once, for the firm which engaged him, appreciating his integrity and efficiency, promoted him the first month and gave him charge of an important department of the business.

Raydon felt that the sweet voiced lady of the furnishing shop had been the cause of his change in fortune. One day he purchased the choicest box of candy he could find and was seized with an irresistible impulse to see and thank his benefactress.

He entered the store and made his way around to the space behind the show window. A bold faced, flashy young girl chewing gum and overdecked with cheap gewgaws eyed him flirtatiously. Raydon was keenly disappointed. Then he noted that she did not have the sweet, mellow voice that had so allured him.

"Last month as I was passing outside," he explained, "some one called attention to my gloves—"

"Oh, that wasn't me," came the speedy reply. "I've only been here a week. That must have been Miss Iva Irving."

"Is—is the young lady here now?" asked Raydon.

"Yes, you'll find her at the cashier's desk," and the speaker indicated where it was.

Raydon went thither. His eyes rested this time upon a sweet, bewitching face fully in accord with the well remembered voice. For a moment he was embarrassed, then boldly he recited the motive of his mission. He was so clear and earnest, the eyes of Miss Iva Irving rested kindly upon him. She accepted the box of candy.

"I have a little niece who shall share it with me," she said, "and will be charmed with the really pretty story of how a casual word led to your success in bettering your circumstances."

It was wonderful how quickly these sterling natures responded to the impulse of friendship and appreciation each of the other. Their companionship was divested of all embarrassment and superficiality, for the good that had come from the simple circumstances was always before their view.

Iva Irving had spoken of how well a neat glove would become the shapely hand of Oscar Raydon, and he turned the table upon her one day.

"I must get in the secret booth some day when you are passing by," he said playfully, "and suggest to you how well an engagement ring would look upon your hand, Miss Irving," and then he got the said hand within his fervent clasp and did not release it until its owner had listened to his tale of love.

WESTERN FARMERS IN OMINOUS FRAME OF MIND DECLARES NEBRASKA D'L'GATE

WASHINGTON, Dec. 3—Bolshevism is threatening the farmers of the middle west because of the situation in which they find themselves A. J. Shoyer, secretary of the Nebraska farmers federation told the joint committee on agriculture of the house and senate, which is investigating farm conditions. Thousands of farmers, he said, had turned Republican, in the hope that the Republican administration would afford them relief.

If that relief was not forthcoming, he added, the farmers were likely to turn just as readily to the teachings of the Bolsheviks.

"We are not here to beg," he said, "but to demand." The farmers are facing destruction and ruin and they are going to get what they want or know the reason why.'

Shoyer states that when he left Nebraska there were 124 cars filled with Bolshevist agitators going thru the state, seizing upon the unrest among the farmers to spread their doctrines. He declared that when he talked to one such agent about the drop in the price of wheat, the agitator said:

"Let it drop, let it, the lower the drops and the wider it rips the better it will be for us."

"Millions of farmers who had been Democrats" Shoyer continued, "voted for Harding because he had promised them to appoint a dirt farmer secretary of agriculture and because they believed he was the farmer's friend. They are going to demand that he keeps those promises."

Shoyer said it was true that farmers of Nebraska had threatened to burn their corn.

FIVE PERSONS BURN TO DEATH THURSDAY IN N. Y. APARTMENT

NEW YORK, Dec. 2. Trapped on the third, fourth and fifth floors of a west Fifty Seventh-st apartment, five persons, four of them women, were burned to death today despite the frantic efforts of a young woman, Miss Annette B. Bracy, to arouse all the sleeping tenants.

Miss Bracy occupied a room on the third floor and when the fire, of unknown origin, swept up thru a dumb waiter to the upper floors, she gave the alarm, called to roomers and knocked on their doors, and with Mrs. Irwin Coyle, one of the proprietors refused to leave the building until almost overcome by smoke and heat.

More than 200 persons were driven to the street, many of them in their night attire, and several thrilling rescues were made.

Firemen had difficulty in fighting the blaze.

Miss Marjorie Lescomb, English film star and one of the dead, is said to be related to British nobility.

Two sisters perished in the fire, Mrs. G. Bowell Reid, California, opera singer, and Mrs. Jessie Jenkins, the latter having come to New York a week ago so as to be near her daughter, who is in school here.

Shared Fame With Friend.

It is said that virtually all the plays to which the names of Beaumont and Fletcher are attached were written by Fletcher alone. Beaumont was a friend of Fletcher's and lived with him, they had a kind of David and Jonathan affection for each other, and Beaumont's name is said to have gone on the plays more for sentimental reasons than for any other.

Try MEDICATED VAPORS

For Colds and Coughs that are Deep-seated and Hard to get rid of

The deep-seated cold or cough means that the inflammation has penetrated dangerously far down into the lungs where ordinary treatments are ineffective.

Medicinal vapors should be inhaled nightly to supplement the external treatment. Before retiring, apply Krew-Pina in the nostrils and rub it well over the chest and throat. Then, getting into bed, draw the bed clothes up over the nose so as to form a funnel between the chest and nostrils, and inhale the medicinal vapors the heat of the body causes Krew-Pina to give off. Renew these treatments until the inflammation has been expelled.

Keep a jar of Krew-Pina in the house. It is an ointment composed entirely of simple remedies such as Oil of Pine and other powerful volatile oils—absolutely harmless. At the same time, it is a scientifically compounded, powerful agent for the relief of many household sicknesses and hurts including bronchitis, tonsilitis, croup, sores, foot trouble, lame back, neuralgia, bruises and stone bruises, burns, cuts, etc. 30c and 60c jars—at your druggist's.

JUDGE IS FACING TRIAL FOR MURDER

Chief Justice William H. McGannon.

Judge William H. McGannon, chief justice of the municipal court at Cleveland, O., will be tried Dec. 14 on a charge of second degree murder. He is charged with killing Harold C. Kagy, a garage man acquaintance, after an evening which the two and John W. Joyce spent together. Joyce recently was acquitted of the same crime. Judge McGannon was a witness at that trial. The judge declares that he was not with Kagy and Joyce when the former was shot, having left the two a few minutes before the fatal shooting.

Mayor Tish Lends Helping Hand To Roscoe Boys' Class

Mayor W. S. Tish gave an interesting address to the members of the Roscoe M. E. boys' class at the Methodist Episcopal church at Roscoe Thursday evening. The mayor spoke in brief of the city government and its workings. He brot his short address to a close by telling the boys funny stories.

The mayor also contributed to the boys' club, a sum of money to be expended for athletics.

Following his talk the boys continued their weekly meeting.

They heartily thanked Mayor Tish for his interest, the contribution and for his splendid address.

WHEN THE PAPER DOESN'T COME

My father says the paper he reads
ain't put up right.
He finds, a lot of fault, he does, perusin it all night.
He says there ain't a single thing in
it worth while to read
And that it doesn't print the kind of
stuff the people need.
He tosses it aside and says it's strictly
on the bum—
But you ought to hear him holler
when the paper doesn't come.

He reads about the weddin's and he
snorts like all git out;
He reads the social doin's with a most
derisive shout.
He says they make the papers for the
women folks alone.
He'll read about the parties and he'll
fume and fret and groan.
He says of information it don't contain a crumb—
But you ought to hear him holler
when the paper doesn't come.

He's always first to grab it and he
reads it plumb clean through.
He doesn't miss an item or a want
ad—that is true.
He says, "They don't know what we
want, the durn newspaper guys.
I'm going to take a day sometime an'
go and put 'em wise;
Sometimes it seems as though they
must be deaf, blind and dumb—
But you ought to hear him holler
when the paper doesn't come.

Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

DELPHOS, OHIO:—"I saw an advertisement in the paper of Dr. Pierce's Anuric and sent for a trial package. I had doctored a good deal for ten years. I often took different kinds of medicine for kidney or bladder trouble but never got any better. Sometimes I would be disturbed three or four times at night. I had a soreness in my back and an awful weak back, so I wanted to see if the trial package would benefit me. I felt better from the first so I went to the druggist and got a 60-cent package of the tablets and took all of them and never had any more trouble. After that I can say Anuric is just as recommended."—Mrs. C. L. CRAMER, Route 1.

Knocks Out Chest Colds

Begy's Mustarine Goes Some — Often Chest Colds Go Over Night.

COSTS ALMOST NOTHING

Ten minutes after you rub Begy's Mustarine on that sore, tightening chest you'll know that you've struck a quick result producer that is bound to conquer the inflammation.

Is it any wonder that thousands swear by it when one 30-cent box is equal to 50 of the best mustard plasters that your grandmother ever made?

And Begy's Mustarine, which comes in a yellow box and is made of real yellow mustard, cannot blister. Bear that in mind.

But when you have any ache or pain or lumbago, neuralgia, neuritis, sore throat or any inflammation or congestion, be sure and rub it on freely. It's the Quickest Pain Killer on Earth.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmint (double strength,) and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating more food.

Those who wake up with bad breath coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to show the value of inside bathing.

Relatives Search For Thomas Foster, Former Local Boy

Coshocton-co relatives are at their wits' end in their efforts to learn the whereabouts of Thomas S. Foster, formerly of Keene and Coshocton and last heard from in March, 1916, six months after attending the funeral of his father, John D. Foster, who died at Coshocton in September, 1915.

When last heard from the young man, who is 30 years of age, was at Gary, Indiana, but indicated in his letter that he was about to leave there. Up to the time his last letter was received by relatives here he had communicated with home friends frequently, and his prolonged silence is causing considerable uneasiness.

About ten years ago young Foster lost the index finger and the ends of two other fingers on his right hand in a die press here, and this fact is expected to be of material assistance in gaining some knowledge of his whereabouts in case a search is instituted, as is being considered.

Mrs. W. A. McMichael, of Keene and Mrs. Grace Beall, of Coshocton are aunts of the young man, whose parents are both dead. Mrs. Alfred Ferber, of Sebring, Ohio, is a sister.

Senreco

Reg. U.S. Pat. Off.

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—

"IT WAS A FRIEND IN NEED" HE SAYS

Railroad Man Was So Run Down He Could Hardly Stay On Job—Feels Like New Made Man Now

"Tanlac certainly proved to be a friend in need to me, for when I started taking it I was in a badly run-down condition, but I am now enjoying the best of health," said Fred Walthers, 1816 Pool street, Toledo, Ohio, an employe at the Pennsylvania Railroad shops.

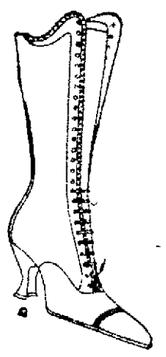

"For quite a while I had been suffering from stomach trouble," added Mr. Walthers. "My appetite was so poor I had to force down every mouthful I ate and especially in the mornings when I seldom ate any breakfast at all, usually drinking only a small cup of coffee. The little I did manage to eat soured almost at once and gas pressed against my heart so at times it was difficult for me to breathe. I also suffered with severe headaches nearly all the time and at times would have dizzy spells when it was just about all I could do to keep from falling. I was unable to get but little sleep and always got up in the mornings feeling tired and worn out. Not being able to eat scarcely anything and loss of sleep with my other troubles was telling on me and I began to lose strength very fast, and finally it was just about all I could do to do my work at the railroad shops.

"I had tried several different medicines without receiving any benefit from them, when one of the boys at the shop who had been greatly benefited by Tanlac advised me to give it a trial, and as he was so loud in his praise about it I decided to take his advice. Well, sir, to make a long story short, it proved to be the very thing I needed, and it was only a short while before I had a splendid appetite and now I can eat just anything I want without its hurting me a particle. I always get a good night's sleep and get up in the mornings feeling fine and ready for a good day's work, which I can now do with ease. Tanlac has made life worth living to me, and I will only be too glad to recommend it whenever I have an opportunity."

Tanlac is sold in Coshocton by Siegrist & Williams and in Warsaw by J. D. Lawson.

COMMISS'N'RS TAKE SEVERAL MATTERS UNDER ADVISEM'T

Objections to the assessment of taxes incurred by the resurfacing with brick of the inter-county highway from Stockum's school to the limits of the county infirmary lands were heard at the meeting of the county commissioners at the court house Thursday. The objections were made on the grounds that the resurfacing was unnecessary. After a lengthy discussion, the objections were tabled until the next meeting of the commissioners.

Attorney Warner B. Pomerene, representing the property owners along the same highway, between West Lafayette and Waggoner's Corners addressed the commissioners regarding the various phases of legislation relative to the improvement along this section. This proposition was also deferred until the next meeting.

A petition, signed by a number of citizens of Oxford and Lafayette-tps, asking for the improvement of the inter-county highway from Waggoner's Corners to Newcomerstown, was read to the commissioners. Nothing will be done with the petition until the next meeting which will be held Monday, December 6

MARION MAN RECOVERS FROM LONG ILLNESS AFTER TAKING REDEX

Was In Bad Shape For a Year, and Feels Like a New Man In Few Days' Time

Redex, the new herbal tonic, is relieving many thousands every day from stomach, liver and kidney ailments and nervous exhaustion—which may be recognized by the following symptoms: Failure to properly enjoy food; being tired after any sudden exertion; sleep that brings no rest; loss of weight; impaired vigor and vitality, or a general run-down condition.

Stomach sufferers and persons in a nervous, weakened and run-down condition will find the following statement of especial interest: Mrs. Maud C. Beck, wife of Henry W. Beck, living at 278 Waterloo street, Marion, says. "My husband is employed at the Marion Steam Shovel company's plant and runs an electric car there; since last spring he has been in poor health. His stomach has bothered him a great deal. After eating he frequently had to vomit, and he has been in a weak and miserable condition on and off for several months. He had frequent headaches; very nervous; no appetite; not much sleep and is not near as robust and strong as he should be. I am pretty sure he had the influenza last spring as he had a severe illness at that time, and has not felt right since.

"Well, he started taking Redex a few days ago, and is certainly delighted with the results; he has not had a vomiting spell or a headache since. Redex has made my husband like a new man and we are both certainly grateful for it

"I am going to start taking Redex myself as I am thoroughly convinced it is a splendid medicine.

"I am glad to make this statement for the benefit of others."

Redex can be had in Coshocton at Page & Lorenz, Siegrist & Williams and at all first class drug stores

Uncle Walt's Story

Walt Mason

THE DIFFERENCE

"I SAW you coming up the street and standing at the gate with Mr. Honeybug and Mr. Playfair," said Mrs. Jamesworthy. "All three of you were laughing so the whole neighborhood could hear you. I wonder why you do all the laughing with your friends, and do nothing but grumble and scowl at home. I haven't seen you laugh in the house in five years, as you laughed out there with those men."

"There's nothing in this house to laugh at," replied Jamesworthy. "Jim Honeybug is a good story-teller, and he was telling us a bully yarn, and for a brief season we forgot the burdens laid upon us, which are greater than we can bear. If you could tell a story as well as Honeybug does, I'd fill these ancestral halls with silvery laughter, but you never try to say anything amusing, Mrs. Jamesworthy. You do tell stories, but they are of a gloomy and tragic character.

"Last night, when I came home, you told a dramatic story to the effect that you had callers all afternoon, and hadn't a chance to cook anything for me, and so I had to eat canned salmon and soda crackers, and wash them down with water, and I insist that when a husband comes home from his arduous labors in the clanging mart, so empty that his watch chain makes a clanking sound when it flaps against his spine, he should have warm victuals, something he can consume with pleasure and pride. The fact that you had an invasion of callers is a cheap excuse.

"My sainted mother never would have permitted any callers to interfere with her management of the cookstove. She realized that her old man kept the shebang going, and that he should have the right of way. If any old hens happened to be in the house when grub time approached, my mother would request them, firmly but respectfully, to chase themselves, and if they didn't like it they could lump it. When my father came home from his work, the hay was always in the manger for him, and he never had to wait five minutes for a meal.

"The day before yesterday, when I came staggering home, faint and weary from my herculean efforts to make both ends meet, you told me another story. It was to the effect that you had been downtown sizing up a shipment of new spring hats, just received at the millinery foundry, and you were so interested you forgot the lapse of time, and didn't get home in time to cook anything. But you flashed a winning smile at me, and said it wouldn't take you ten minutes to warm up a can of beans, and there was some cold coffee left from breakfast, and you had plenty of smoked herrings on hand.

"Doubtless I should have burst forth into boisterous laughter over this entertaining anecdote, but somehow it didn't appeal to my sense of humor. I was so busy that day I hadn't time to eat anything at noon, and all the way home I was hoping you would have a porterhouse steak about three inches thick, and a raft of boiled potatoes, and perhaps a slab of mince pie as an epilogue.

"The day before that, when I came home as hollow as a bass drum, and fairly gnashing my teeth with hunger, you related a humorous story to the effect that your club didn't adjourn on time that afternoon, and you didn't get home until late, so I would have to get along with a picked-up supper. If I would be patient a few minutes, you said, to make the story seem more spicy, you would boil an egg for me, and there was cold corn bread in the cupboard.

"Such stories, Mrs. Jamesworthy, may seem highly amusing to an innocent bystander, and I have no doubt they would make a great hit if written up and printed in London Punch, but there is something wrong with my sense of humor, or I am at the wrong end of the stories. Anyhow, I can't gurgle over them as I do over Honeybug's yarns."

SERIOUS OPERATION LEFT LADY WEAK AND NERVOUS

Felt Hypo-Cod Was Just What She Needed. Was Not Disappointed

FELT RESULTS AT ONCE

"After undergoing a very serious operation I came home in a very weak and nervous condition and felt very much the need of a good tonic and was at a loss to know what to get. About that time I saw Hypo-Cod recommended very highly in the daily paper by many and decided to give it a trial, feeling it would be just what I needed and I certainly was not disappointed," declared Mrs. Benson whose address is given below.

"I purchased two bottles and immediately began to feel stronger and less nervous. By the time I had finished taking the two bottles I was admitted to the hospital for another operation and felt that my chances were so much better than if I had not taken this tonic. Now after a second operation I am still taking it and know that I shall need nothing more to build up my strength.

"The trouble of gas forming on my stomach, which I also suffered with, has disappeared altogether and I shall continue to depend on Hypo-Cod as a fine tonic and think no one will be disappointed by its use," continued Mrs. Chas. Benson, Frazeysburg, Ohio.

After an operation, sickness, overwork when the system has become weakened you should at once take a bottle or two of Earle's Hypo-Cod. Thousands of users assert it is an ideal tonic. Druggists, chemists and experts assert it is the most powerful reconstructive tonic of its kind made. Take home a bottle with you tonight and give it a trial.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns.

LADY DECLARES SHE CAN PROVE THAT DRECO GAVE HER RELIEF

Her hands often went to sleep, and she had to rub them to start circulation; bowels were constipated, digestion very poor and nerves on edge.

"I feel better than I have in ten years, and have gained in weight since taking Dreco," are the words of that highly esteemed lady, Mrs. Lucile May of 99 W. Market, Tiffin, Ohio.

"My back used to feel that it would break; I was daily constipated, could not eat much because my digestion was so poor; my nerves were on edge and my sleep very light so that I'd wake from any slight noise.

"My hands often went to sleep, and I'd have to rub and pound them to get the circulation started. All these troubles are gone since taking Dreco. I never have a backache; sleep sound; have a fine appetite; bowels act regular every day; am gaining in weight and feel great. If anyone has any doubts about Dreco, I can prove to them what it will do."

Dreco acts on the vital organs to build them up, so that they perform, as nature intends. Dreco does not just "boost you up," while you take it, but restores the organs to normal healthy activity. That is why Dreco results are lasting.

All druggists now sell Dreco and it is being especially introduced in Coshocton by Page & Lorenz' drug store.

REPUBLICANS SAY CAPITALISTS HOLD UP TAX PAYMENTS

WASHINGTON, Dec. 3.—Republican leaders striving to work out an economy program were informed by government actuaries today that federal revenues next year may be increased by nearly $1,000,000,000 in delinquent taxes.

This additional revenue will be possible they were informed as a result of new audits showing corporate concerns understated their tax obligations to the government on returns filed for the two or three preceding years. This may mean a lightening of the tax load in some other directions.

Auditors have found that some corporations settled down their payments as much as $1,000,000 under the amount actually due the government. Many instances were discovered of men of wealth giving themselves the benefit of the doubt in sums ranging from $6000 to $500,000. These amounts must be made good to the government according to the plans of officials. All delinquent taxes of this character will be assessed by the government against such persons and corporations for payment in 1922.

SEAL CAMPAIGN WELL UNDER WAY

L. J. Taber Commends Campaign For Better Health.

SAYS OHIO FARMERS HELPING

Churches, Sunday Schools, American Legion and Other Organizations Pledge Support In Sale of Twenty Million Seals In Ohio—Ironton First City to Go "Over the Top"—Orders More Seals.

COLUMBUS, O., Dec. 4.—The Christmas Seal Campaign annually conducted in Ohio to raise funds to combat tuberculosis is now well under way. Reports from various communities of the state received by the Ohio Christmas Seal Committee indicate an unusual interest in the campaign. Ironton, Lawrence county, "went over the top" the first day, selling $1,600 worth of seals. The Ironton committee ordered an additional 100,000 seals.

L. J. Taber, master of the Ohio State Grange, in a letter to the Ohio Christmas Seal Committee, has strongly endorsed the sale of these little seals and commended them to the farmers of the state.

In his letter Mr. Taber says:

"Allow me to assure you of the real pleasure it gives to endorse the work of the Ohio Public Health Association, and especially to approve the plan of the Ohio Christmas Seal Committee. I trust that every farmer solicited will buy freely of the Christmas Seals.

"Good health is one of the commonwealth's great assets. The grange through its 101,000 members desires to be of service in spreading the health gospel."

Churches to Aid Sale.

The message of the Christmas Seals will be spread through the churches and Sunday schools of Ohio Sunday. A letter has gone to pastors of all churches in Ohio calling attention to the deaths and destruction wrought by this plague.

A. T. Arnold, secretary of the Ohio Sunday School Association has addressed a letter to all Sunday school superintendents in Ohio asking the Sunday schools of Ohio to get behind the Christmas Seals in their respective communities and help raise funds to carry on the health work.

"The American Legion is keenly interested in the success of the 1920 Christmas Seal sale because this campaign directed against tuberculosis, a preventable disease that is more deadly than war," says a letter sent out by the American Legion in Ohio to all post commanders. Attention is called to the fact that a great many ex-service men in Ohio are suffering from this disease and that facilities for the care of the tuberculosis are entirely inadequate.

Patients Urge Liberal Support.

The Patient's Welfare Association, representing the more than 180 tuberculosis patients at the Ohio State Sanatorium at Mt. Vernon, has adopted a resolution pledging unanimous support of the seal sales and pointing out how the purchase and use of these little health stamps will help. The resolution reads in part as follows.

"The work of fighting tuberculosis appeals to us as especially praiseworthy, and we who have benefitted to some extent through former seal sales hope for generous public purchases of 1920 seals. By buying seals direct aid is given to early diagnosis and the chance for recovery extended to those who would not receive treatment until too late."

Rev. Father L. V. Mulhane of Mt. Vernon who has been closely identified with the state sanatorium since its founding, has also strongly endorsed the Christmas Seal sale as a means of extending the fight against the white plague.

Schools Are Active.

The cooperation of the schools in the state in the health campaign is perhaps the outstanding feature of this years seal sale. The children have always been interested in the sale of the little health stamps, but this year are taking an unusual interest because a part of the proceeds of the seal sale is to be used in many communities for promoting the Modern Health Crusade in the schools.

Governor Cox and Dr. A. W. Freeman, state commissioner of health, have likewise endorsed the Christmas Seal sale emphasizing the fact that the educational value of such a campaign helps to align the public back of the state's health program.

Thirty millions seals is the quota for the state this year. The seals will be on sale until Christmas.

Many firms are using the Christmas Seals on their statements sent out the first of the month. It is found that the effect of the seals is much greater when they are used on the contents of letters, as well as on the outside of the envelope. Regulations of the postal department prohibit their use on the front of envelops, and the Christmas Seal Committee warns against such use.

Policewomen Walk Like Men.

London policewomen work in couples and have adopted the regular policeman's stride—long, slow-measured. As their work is moral suasion, they carry no weapon, but as a means of self defense they have learned Jiu-Jitsu tricks.

OLD MEXICO WILL HAVE A CENSUS OF HER PEOPLE

MEXICO CITY, MEX., Dec. 3.—A census of Mexico's population is to be made at once. The government has appropriated 250,000 pesos, or $125,000 for this work.

Because doubt has been expressed that the census work could be done at such price it is explained that various officials will help in the taking of the census so as to keep down the expense in Mexico's effort to accumulate a treasury surplus for the payment of the $500,000,000 national debt.

YOU CAN'T DODGE IT

Once In Awhile Your Blood Clogs and Your Vitality Runs Down

THEN TAKE PEPTO-MANGAN

You'll Pick Up Again Quickly with Plenty of Red Blood Corpuscles

Physicians nowadays take a blood test when you are run down. They count the red corpuscles in your blood. If these are too few they give you a tonic for your blood. It happens right along. They are always on the look out for indications of weak blood.

Why? Because they know when your blood is weak your resistance to disease is low. Your vitality and energy quickly run down.

You can tell when your blood is weak. You look pale, feel tired. You are not ill, but you don't feel right. You don't want to do things. That is the time to take the well-known tonic, Pepto-Mangan.

Pepto-Mangan builds red blood corpuscles. Physicians have prescribed it for thirty years.

Pepto-Mangan is sold in liquid and tablet form. The medicinal value is exactly the same. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name, "Gude's Pepto-Mangan," should be on the package.—Advt.

WHO KNOWS MARY ELLEN SULLIVAN?

Does any one know Mary Ellen (Sullivan) Shaw?

Any information concerning her whereabouts would be gladly received by Miss Nettie L. Moore, Plymouth, Michigan. The following is a letter from the Supervisor's office of Plymouth, Michigan, asking information about Mary Ellen Sullivan.

November 30, 1920.

Editor of Coshocton Newspaper:

Please print the following:

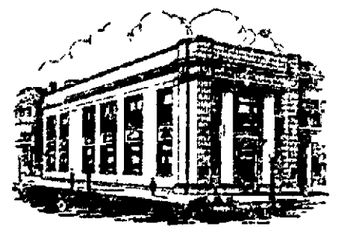

Patrick Sullivan, aged 40, who was born in Boston, Massachusetts in 1880, died at Plymouth, Michigan, last Sunday morning (November 28). A number of years ago both his parents died at Coshocton, Ohio, leaving two children. Mary Ellen married Fred Shaw and when last heard from was living in Toledo. She has been last to Patrick for 20 years. I would be pleased to hear from any one who knows of her whereabouts.

Respectfully,

(Signed) NETTIE L. MOORE.
